Ingredients: Sour cherry
juice, sugar
Volume: 0,33 L
Qualities:

Since our founding in 2010, our company has been driven by a passion for sharing the natural treasures of Georgia with the world. What began as a humble endeavor to craft exquisite Rosehip Infusions has blossomed into an extraordinary story of growth and innovation.

In 2022, we proudly unveiled our brand new factory in Natakhtari, a testament to our commitment to excellence. With the generous support of esteemed partners such as 'USAID,' 'Enterprise Georgia,' and 'EBRD,' we expanded our production capabilities, incorporating new machinery and techniques to ensure uncompromising quality.

BPC uses green (solar) energy for the Production, such 'green' transition, through collaborating with solar energy specialized companies, a newly built BPC facility in village Natakhtari consumes 100% of solar electricity.

Generating and using solar energy BPC facility has already reduced CO2 level by 11,797 kg, saved 4733 kg of coal, and reduced deforestation by 650 trees. By the end of 2023, the figures will quadruple.

At Ano we are more than just a producer of infusions. Our product range also includes delicious, natural pomegranate, apple, sour cherry juices, and mixed product Saperavi grape infused with the essence of rosehip.

Rooted in Collaboration: Nurturing Sustainable Partnerships Across Georgia

At Ano Infusions, we are more than a brand; we are a family that thrives on the spirit of togetherness. Our dedication to sustainability and social impact has led us to form meaningful partnerships with Agro cooperatives across Georgia. Among them is a special collaboration with Abkhazian refugees residing in IDP settlements. Together, we gather the finest rose hips, preserving Georgian traditions and empowering lives with every sip.
