## WHAT IS FRIXX?

FRIXX is a unique, Georgian natural potato chips.  
FRIXX is created for young people who love to have fun.

## FOUNDATION OF FRIXX

FRIXX was founded in March 2015. Using locally grown the best quality potatoes and European technologies, FRIXX produces high quality potato chips with a natural and unique taste.

## THE BRAND GOAL

FRIXX is a combination of three words: [Free + Fries + Freaks].  
FRIXX aims to become everyone's favorite and irreplaceable potato chips and brand of fragrances for relaxation and fun.

## WHERE WE GROW OUR POTATOES?

FRIXX owns 600-hectare potato farm in South part of Georgia;  
Modern agricultural machinery and most importantly European Standards warehousing facilities enables us to store the highest quality raw materials, that guarantees high quality product throughout the year.

## MAIN ADVANTAGES OF FRIXX:

- Made with the highest quality potatoes grown on Georgian soil
- FRIXX produces unique Georgian Flavors of chips: Adjika and Tarragon
- FRIXX uses only the highest quality Sunflower Oil in its production
- FRIXX offers the best price and quality on the market
- Minimum delivery time from the factory to the shelf, which allows us to offer customers always freshly made product.
