## AUTHENTIC GEORGIAN LEMONADE

**NIKO ZANDUKELI, A TALENTED GEORGIAN CHEMIST AND TRAVELLER  
SET OUT FOR FRANCE AND RETURNED EXCITED BY THE REFRESHING  
CARBONATED LEMON DRINK HE'D ENJOYED THERE.**

Obsessed with perfection, NIKO ZANDUKELI was determined to create his own lemonade recipes by adding bold and original new flavours. Travelling around GEORGIA, the young Niko befriended fruit and herb farmers and began experimenting with different ingredients. Soon his unique recipes were being sold in pharmacies throughout the land, and fountains and cafes began to pop up as meeting places where GEORGIANS could gather and socialise.
