

KARELI FRUITS

PREMIUM DRIED FRUITS FROM GEORGIA

WHO WE ARE

It all started in 2015, when we, the founders, people from a variety of backgrounds decided to create a product that would be Georgian, delicious, convenient and a satisfying snack. And what could be better than healthy local Dried Fruits, packed and ready to use.

After a long search, in a village, Samtsevrisi, part of Kareli municipality, in conjunction with the construction of a fruit garden, we built a company. More than fifty people are employed by Kareli Fruits, almost one member of each family is living in the village, in which most of them are women.

Together we managed to get back to the centuries-old tradition of dried fruit production!

We are Kareli Fruits.

QUALITY

We are committed to ensure consistently high quality and reliability of products each and every day. Delivering quality products through the condition of qualified technical and operational expertise and a great knowledge of customer requirements.

We operate according to FSSC 22000 systems, which provides a guarantee for food safety by identifying nutritional threats and apply measures for their control. The FSSC 22000 Food Safety Management System provides a framework for effectively managing food safety and quality responsibilities. FSSC 22000 is fully recognized by the Global Food Safety Initiative (GFSI) and is based on existing ISO Standards. It demonstrates a company has a robust and effective food safety management system (FSMS) in place to meet the requirements of regulators, food business clients and consumers.
